THE CREDENTIAL TRACKER APP

A Support Tool for PIP/STSP Teachers' Pathway to Intern and Preliminary Credentials

WHO:

Employing school district – Center agency users

WHAT:

Use the Credential Tracker App as a resource to monitor and support your teacher candidates' progress toward their intern and preliminary credential program completion

WHY:

The Credential Tracker keeps you and your district support team connected so that you can provide guidance every step of the way and link candidates to specialized resources

HOW IT WORKS:

STEP 1:

JOIN THE CENTER

Your district must be signed up as an education agency within the California Center on Teaching Careers. It's easy. Visit CaliforniaTeach.org to sign up today.

STEP 2:

LINK YOUR TEAM

- Add your support team as USERS to your AGENCY profile at the Center website
- Let them know that they will have acces to information shared at the Agency's dashboard of the Center's website at center. CaliforniaTeach.org
- District support team could include the following members: mentors, site admin, HR team, credential analysts, new teacher support staff, district administrators
- Create a list of support team names and emails to give to your candidates
- Tip: Ask your candidates to download the tracker app when they onboard to allow for more immediate, customized support

STEP 3:

CONNECT THE SUPPORT TEAM WITH PIP/STSP HOLDERS

Invite candidates and permit teachers to download the Credential Tracker App through the following simple steps:

- Visit CaliforniaTeach.org and sign up as a teacher candidate
- Download the Credential Tracker App available now at the iTunes App Store and Google Play
- Enter information related to credential goals within the Credential Tracker app
- Opt into sharing profile information with approved agency representatives
- Receive guidance and support every step of the way
